

## Pt. 63, Subpt. GGG, Table 2

## 40 CFR Ch. I (7–1–14 Edition)

| General provisions reference | Summary of requirements                                                               | Applies to sub-part GGG | Comments                                                                |
|------------------------------|---------------------------------------------------------------------------------------|-------------------------|-------------------------------------------------------------------------|
| 63.10(c)(12)–(14) .....      | Additional recordkeeping requirements for sources with continuous monitoring systems. | Yes.                    | Subpart GGG does not include any opacity or visible emission standards. |
| 63.10(c)(15) .....           | Additional SSM recordkeeping requirements.                                            | No.                     |                                                                         |
| 63.10(d)(1)–(2) .....        | General reporting requirements .....                                                  | Yes.                    |                                                                         |
| 63.10(d)(3) .....            | Reporting results of opacity or visible emissions observations.                       | No .....                |                                                                         |
| 63.10(d)(4) .....            | Progress report requirements .....                                                    | Yes.                    |                                                                         |
| 63.10(d)(5) .....            | Startup, shutdown, and malfunction report requirements.                               | No .....                |                                                                         |
| 63.10(e) .....               | Additional CMS reporting requirements ..                                              | Yes.                    |                                                                         |
| 63.10(f) .....               | Waiver of recordkeeping or reporting requirements..                                   | Yes.                    |                                                                         |
| 63.11 .....                  | Control device and equipment leak work practice requirements.                         | Yes.                    |                                                                         |
| 63.13 .....                  | Addresses of State air pollution control agencies.                                    | Yes.                    |                                                                         |
| 63.14 .....                  | Incorporations by reference .....                                                     | Yes.                    | Subpart GGG specifies reporting requirements.                           |
| 63.15 .....                  | Availability of information and confidentiality.                                      | Yes.                    |                                                                         |

[63 FR 50326, Sept. 21, 1998, as amended at 65 FR 52614, Aug. 29, 2000; 66 FR 40136, Aug. 2, 2001; 73 FR 78213, Dec. 22, 2008; 76 FR 22601, Apr. 21, 2011]

TABLE 2 TO SUBPART GGG OF PART 63—PARTIALLY SOLUBLE HAP

|                                                  |                                           |
|--------------------------------------------------|-------------------------------------------|
| 1,1,1-Trichloroethane (methyl chloroform) .....  | Chloroform                                |
| 1,1,2,2-Tetrachloroethane .....                  | Chloromethane                             |
| 1,1,2-Trichloroethane .....                      | Chloroprene                               |
| 1,1-Dichloroethylene (vinylidene chloride) ..... | Cumene                                    |
| 1,2-Dibromoethane .....                          | Dichloroethyl ether                       |
| 1,2-Dichloroethane (ethylene dichloride) .....   | Dinitrophenol                             |
| 1,2-Dichloropropane .....                        | Epichlorohydrin                           |
| 1,3-Dichloropropene .....                        | Ethyl acrylate                            |
| 2,4,5-Trichlorophenol .....                      | Ethylbenzene                              |
| 2-Butanone (mek) .....                           | Ethylene oxide                            |
| 1,4-Dichlorobenzene .....                        | Hexachlorobenzene                         |
| 2-Nitropropane .....                             | Hexachlorobutadiene                       |
| 4-Methyl-2-pentanone (MIBK) .....                | Hexachloroethane                          |
| Acetaldehyde .....                               | Methyl methacrylate                       |
| Acrolein .....                                   | Methyl-t-butyl ether                      |
| Acrylonitrile .....                              | Methylene chloride                        |
| Allyl chloride .....                             | N,N-dimethylaniline                       |
| Benzene .....                                    | Propionaldehyde                           |
| Benzyl chloride .....                            | Propylene oxide                           |
| Biphenyl .....                                   | Styrene                                   |
| Bromoform (tribromomethane) .....                | Tetrachloroethene (perchloroethylene)     |
| Bromomethane .....                               | Tetrachloromethane (carbon tetrachloride) |
| Butadiene .....                                  | Toluene                                   |
| Carbon disulfide .....                           | Trichlorobenzene (1,2,4-)                 |
| Chlorobenzene .....                              | Trichloroethylene                         |
| Chloroethane (ethyl chloride) .....              | Trimethylpentane                          |
| Vinyl acetate .....                              | Xylene (p)                                |
| Vinyl chloride .....                             | N-hexane                                  |
| Xylene (m).                                      |                                           |
| Xylene (o).                                      |                                           |

[66 FR 40136, Aug. 2, 2001]

TABLE 3 TO SUBPART GGG OF PART 63—  
SOLUBLE HAP

| Compound               | Compound                                  |
|------------------------|-------------------------------------------|
| 1,1-Dimethylhydrazine. | Acetophenone.                             |
| 1,4-Dioxane.           | Diethyl sulfate.                          |
| Acetonitrile.          | Dimethyl sulfate.                         |
|                        | Dinitrotoluene.                           |
|                        | Ethylene glycol dimethyl ether.           |
|                        | Ethylene glycol monobutyl ether acetate.  |
|                        | Ethylene glycol monomethyl ether acetate. |
